

Power Train Plan*

ENGINE

All internal lubricated parts, cylinder block and heads, factory installed turbocharger or supercharger units, flywheel, fuel pump, manifolds, oil pan and oil pump, seals and gaskets, timing gears and chain or belt, valve covers, water pump, engine mounts, thermostat, thermostat housing and gasket.

TRANSMISSION

All internal parts, seals and gaskets, torque converter, transfer case and transmission case.

FRONT-WHEEL DRIVE

Axle shafts, final drive housing and internal parts, front-wheel bearings, locking rings and automatic front locking hubs (four wheel drive), seals and gaskets, universal and constant velocity joints.

REAR-WHEEL DRIVE

Axle shafts, drive axle housing and internal parts, drive shaft, rear wheel bearings, retainers, seals and gaskets, universal and constant velocity joints.

*Coverage under Powertrain and High-Tech Plans is limited to only those parts and components described in this brochure. Parts not listed are not covered.

High Tech Plan*

This plan includes all components below plus all Powertrain Plan components.

FUEL SYSTEM / MISCELLANEOUS COMPONENTS

Diesel injectors and lines, diesel injector pump, diesel lift pump, fuel pump, fuel tank and lines, gas fuel injectors and lines, harmonic balancer and bolt, external transmission module, transmission mounts, rear axle hub and bearings and timing chain cover.

STEERING

Power steering rack and pinion, cooler and cooler lines, couplings, linkages, main and intermediate shafts, manual and power steering gear housing and all internal parts, power steering pump, seals and gaskets.

SUSPENSION

King pins, MacPherson struts, spindle and spindle supports, stabilizer bar and linkage, upper and lower ball joints, upper and lower control arms, shafts and bushings.

ELECTRICAL

Alternator, cruise control, distributor assembly (includes distributor cap and rotor), heated back glass (electrical only – not glass damage or breakage), manually operated electric switches, power antenna motor, power door locks and retainer clips, power seat motors, power window motors/regulators, starter motor, voltage regulator, wiper motors, wiring harnesses and electronic ignition module.

BRAKES

All lines and fittings, backing plates, calipers and wheel cylinders, clips and retainers, combination valve, master cylinder, parking brake linkage and cables, power booster, self-adjusters and springs, anti-lock brake module and sensors.

FACTORY AIR CONDITIONING / HEATING / COOLING

Compressor, compressor clutch and clutch bearing, compressor seals, condenser, evaporator, field coil and pulley, accumulator, radiator fan, fan clutch, fan motor, fan relay, radiator, heater core, blower motor and automatic temperature control unit.

Compre Hensive Plan

THE COMPREHENSIVE PLAN

was designed for drivers who seek extensive coverage and maximum protection for their automobile investment. The Comprehensive Plan provides you with the most extensive coverage available and yet it is easy to understand. Comprehensive is "exclusionary" coverage which simply means if a component is not listed under "What Is Not Covered," then it is covered. It is as simple as that. The list of exclusions is minimal and consists mostly of maintenance related items. With the ever growing complexity of today's automobiles, you find Comprehensive provides extensive coverage for your vehicle and protects you from unexpected and expensive auto repair bills. Comprehensive coverage is the ultimate choice for your peace of mind.

What Is NOT Covered**

Mechanical - Service adjustments/cleaning, throttle body assembly (except injectors), filters, a/c recharge, battery/battery packs, belts, hoses, brake shoes and pads, light bulbs, shock absorbers, squeaks and rattles, tires, tune-ups, wheel alignment. All fluids, lubricants, coolants and refrigerant (except in conjunction with a covered repair).

Exterior - Service adjustments (glass and body parts), bright metal, bumpers, body panels, door handles, hinges, glass, moldings, outside ornamentation, paint, rust, sideview mirrors (glass and housing), air and water leaks, weatherstrip, wheel covers/ornaments and wind noise. Physical damage, alignment or bumper and body parts.

Interior - Buttons, carpet, trim, upholstery, door and window handles, knobs and rear view mirror (glass and housing), Non-factory installed theft deterrent systems, radar detectors, telephones, radios, CD/tape players, DVD/VCR players, TV's graphic equalizers, speakers, navigational systems and related components.

**Additional exclusions apply, see the extended service agreement for details.
